## VERSATTACH PACKAGE

### Boost Productivity with Club Car's New Facilities VersAttach™ Package

Club Car's new Facilities VersAttach Package for Carryall® 500, 550 and 700 utility vehicles gives you a one-click bundle of accessories that helps your crews load, organize, and safely carry the equipment they need.

The package is based on Club Car's optional VersAttach™ bed-based attachment system that mounts on the Carryall utility vehicle's Rhino®-lined aluminum bed box. The system accommodates a variety of tool and equipment holders that protect your gear, free bed space and reduce round trips.

This package includes the following attachments most commonly used for facilities maintenance.

For Carryall® 500, 550 and 700 gasoline and electric utility vehicles

### New Facilities VersAttach Package includes:

LADDER RACK

BUCKET HOLDER

POLY TOOL BOX
